Test Cases

Secondary Nav 15

C74374: Verify select state of secondary nav items when on those specific pages

Type	Priority	Estimate	References
Other	Medium	None	None
Automation Type			
None			

Preconditions

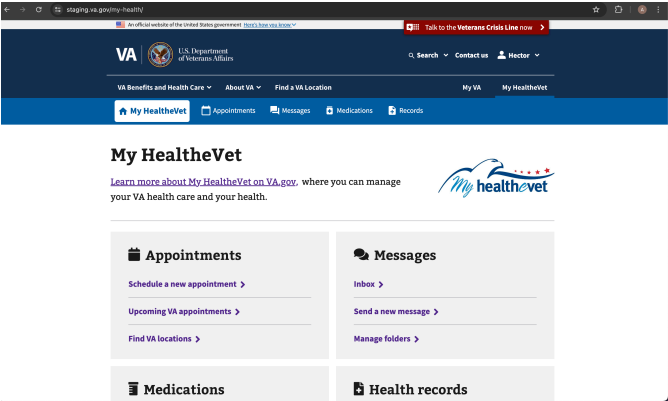

User has secondary nav feature enabled (vets.gov.user+0@gmail.com)

Steps

1. Login to staging with user that has secondary nav enabled (use above user if needed)
2. Navigate to MyHealtheVet landing page -> Verify that "MyHealtheVet" is selected on secondary nav
3. Click on "Appointments" on secondary nav -> Verify that "Appointments" is selected on secondary nav
4. Click on "Messages" on secondary nav -> Verify that "Messages" is selected on secondary nav
5. Click on "Medications" on secondary nav -> Verify that "Medications" is selected on secondary nav
6. Click on "Records" on secondary nav -> Verify that "Records" is selected on secondary nav

Expected Result

When the secondary nav item is selected, it should look like the screenshot below

C74375: Verify hover state of secondary nav items

Type	Priority	Estimate	References
Other	Medium	None	None
Automation Type			
None			

Preconditions

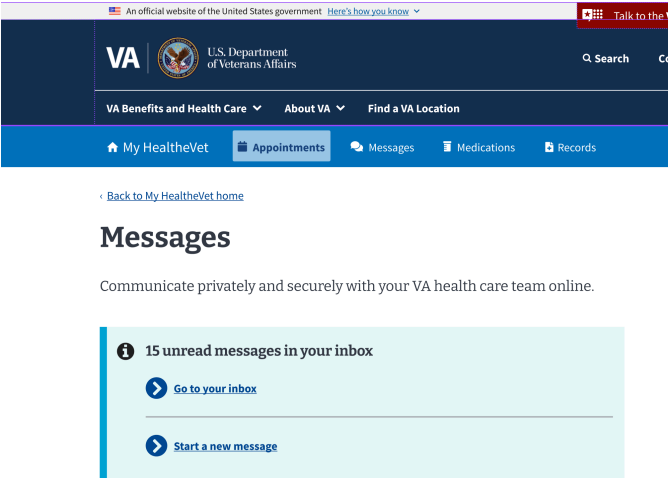

Secondary Nav feature toggled on for user: use vets.gov.user+0@gmail.com if needed

Steps

1. Login to staging with a user that can see the secondary nav (use above user if needed)
2. Navigate to the MyHealtheVet landing page
3. Hover over the 1st item in the secondary nav - MyHealtheVet
4. Hover over the 2nd item in the secondary nav - Appointments
5. Hover over the 3rd item in the secondary nav - Messages
6. Hover over the 4th item in the secondary nav - Medications
7. Hover over the 5th item in the secondary nav - Records

Expected Result

Each item in the secondary nav should have a hover state that matches this design in the screenshot.

C75735: Verify secondary nav items are shown as expected when resizing web browser windows

Type	Priority	Estimate	References
Other	Medium	None	None
Automation Type			
None			

Preconditions

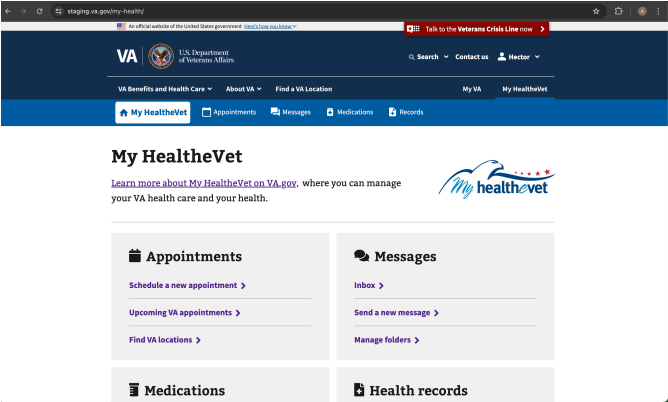

Use staging user that has secondary nav enabled: vets.gov.user+0@gmail.com

Steps

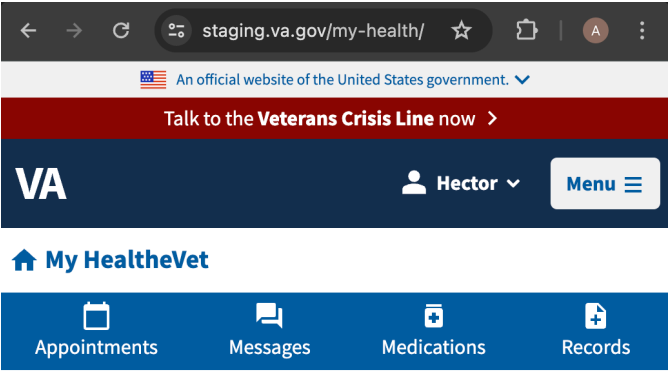

- 1. Login to staging with user that has secondary nav enabled (use above user if needed)

- 4. Resize the web browser page so that the mobile view is shown (see screenshot #2 in expected result for example)

Expected Result

Screenshot #1:

Screenshot #2:

My HealtheVet

[Learn more about My HealtheVet on VA.gov](#), where you can manage your VA health care and your health.

Appointments

- [Schedule a new appointment](#) >
- [Upcoming VA appointments](#) >
- [Find VA locations](#) >

Messages

C75742: Verify clicking on "Appointments" item in secondary nav directs user to the correct page

Type	Priority	Estimate	References
Other	Medium	None	None
Automation Type			
None			

Preconditions

Use staging user vets.gov.user+0@gmail.com if need a user that has secondary nav

Steps

1. Login to staging with user that has secondary nav
2. Navigate to MyHealtheVet landing page
3. Click on "Appointments" in the secondary nav

Expected Result

User is directed to the Appointments page.

URL: <https://staging.va.gov/my-health/appointments>

C75743: Verify clicking on "Messages" item in secondary nav directs user to the correct page

Type	Priority	Estimate	References
Other	Medium	None	None
Automation Type			
None			

Preconditions

Use staging user vets.gov.user+0@gmail.com if need a user that has secondary nav

Steps

- 1. Login to staging with user that has secondary nav
- 2. Navigate to MyHealtheVet landing page
- 3. Click on "Messages" in the secondary nav

Expected Result

User is directed to the Messages page

URL: <https://staging.va.gov/my-health/secure-messages>

C75744: Verify clicking on "Medications" item in secondary nav directs user to the correct page

Type	Priority	Estimate	References
Other	Medium	None	None
Automation Type			
None			

Preconditions

Use staging user vets.gov.user+0@gmail.com if need a user that has secondary nav

Steps

1. Login to staging with user that has secondary nav
2. Navigate to MyHealtheVet landing page
3. Click on "Medications" in the secondary nav

Expected Result

User is directed to the Medications page

URL: <https://staging.va.gov/my-health/medications/?page=1>

C75745: Verify clicking on "Records" item in secondary nav directs user to the correct page

Type	Priority	Estimate	References
Other	Medium	None	None
Automation Type			
None			

Preconditions

Use staging user vets.gov.user+0@gmail.com if need a user that has secondary nav

Steps

- 1. Login to staging with user that has secondary nav
- 2. Navigate to MyHealtheVet landing page
- 3. Click on "Records" in the secondary nav

Expected Result

User is directed to the Medications page

URL: <https://staging.va.gov/my-health/medical-records>

C75746: Verify clicking on "MyHealtheVet" item in secondary nav directs user to the correct page

Type	Priority	Estimate	References
Other	Medium	None	None
Automation Type			
None			

Preconditions

Use staging user vets.gov.user+0@gmail.com to see secondary nav

Steps

1. Login to staging as a user that can see secondary nav
2. Navigate to MyHealtheVet landing page
3. Click on the "MyHealtheVet" item in secondary nav
4. Click on any other item in secondary nav
5. Click on the "MyHealtheVet" item in secondary nav again

Expected Result

When user clicks on the MyHealtheVet item on secondary nav, it should direct user to the MyHealtheVet landing page

URL: <https://staging.va.gov/my-health>

C75838: Verify secondary nav behavior on "Appointments" page

Type	Priority	Estimate	References
Other	Medium	None	None
Automation Type			
None			

Preconditions

Secondary nav feature enabled for user: vets.gov.user+0@gmail.com

Steps

1. Login to staging with user that has secondary nav feature enabled (use above user if needed)
2. Navigate to MyHealtheVet landing page

6. Click on "Messages" in secondary nav -> Verify user is sent to the Messages page (<https://staging.va.gov/my-health/secure-messages>)
7. Navigate back to Medications page using secondary nav
8. Click on "Records" in secondary nav -> Verify user is sent to the Records page (<https://staging.va.gov/my-health/records>) - As of May 16 2024, this is a temporary landing page for now
9. Navigate back to the Medications page using secondary nav
10. Click on "MyHealtheVet" in secondary nav -> Verify user is sent to the MHV landing page (<https://staging.va.gov/my-health>)

Expected Result

User is directed to the correct pages when clicking on their respective items on the secondary nav from the "Medications" page

C76452: Verify secondary nav behavior on "Records" page

Type	Priority	Estimate	References
Other	Medium	None	None
Automation Type			
None			

Preconditions

Secondary nav feature enabled for user: vets.gov.user+0@gmail.com

Steps

1. Login to staging with user that has secondary nav feature enabled (use above user if needed)
2. Navigate to MyHealtheVet landing page
3. Click on "Records" in secondary nav -> Verify user is sent to the Records page (<https://staging.va.gov/my-health/records>) - As of May 16 2024, this is a temporary landing page for now
4. Click on "Appointments" in secondary nav -> Verify user is sent to Appointments page (<https://staging.va.gov/my-health/appointments>)
5. Navigate back to Records page using secondary nav
6. Click on "Messages" in secondary nav -> Verify user is sent to the Messages page (<https://staging.va.gov/my-health/secure-messages>)
7. Navigate back to Records page using secondary nav
8. Click on "Medications" in secondary nav -> Verify user is sent to Medications page (<https://staging.va.gov/my-health/medications/about>)
9. Navigate back to the Records page using secondary nav
10. Click on "MyHealtheVet" in secondary nav -> Verify user is sent to the MHV landing page (<https://staging.va.gov/my-health>)

Expected Result

User is directed to the correct pages when clicking on their respective items on the secondary nav from the "Records" page

C76518: Verify unregistered users do not see the secondary nav

Type	Priority	Estimate	References
Other	Medium	None	None
Automation Type			
None			

Preconditions

Test user can be found here: <https://github.com/department-of-veterans-affairs/va.gov-team-sensitive/blob/43c6253361b8c6782048a86451896158a28e6857/Administrative/vagov-users/staging-test-accounts-mhv-secondary-nav.md>

Steps

1. Login to staging with an unregistered user (see above for user info)
2. Navigate to the MyHealtheVet landing page

Expected Result

Verify that user should not see the secondary nav

C76519: Verify unverified users (LOA1) do not see the secondary nav

Type	Priority	Estimate	References
Other	Medium	None	None
Automation Type			
None			

Preconditions

Test user can be found here: <https://github.com/departement-of-veterans-affairs/va.gov-team-sensitive/blob/43c6253361b8c6782048a86451896158a28e6857/Administrative/vagov-users/staging-test-accounts-mhv-secondary-nav.md>

Steps

1. Login as an unverified user(LOA1) to staging
2. Navigate to the MyHealtheVet landing page

Expected Result

Verify that user does not see the secondary nav

C76520: Verify users with Cerner facilities can see the secondary nav and alerts

Type	Priority	Estimate	References
Other	Medium	None	None
Automation Type			
None			

Preconditions

Test user info: <https://github.com/department-of-veterans-affairs/va.gov-team-sensitive/blob/43c6253361b8c6782048a86451896158a28e6857/Administrative/vagov-users/staging-test-accounts-mhv-secondary-nav.md>

Steps

1. Login to staging as a user that has Cerner facilities associated with the account
2. Navigate to the MyHealtheVet landing page <- no alert should be seen
3. Navigate to the Appointments page using the secondary nav <- Cerner alert should be seen
4. Navigate to the Messages page using the secondary nav <- Cerner alert should be seen
5. Navigate to the Medications page using the secondary nav <- Cerner alert should be seen
6. Navigate to the Records page using the secondary nav <- no alert should be seen

Expected Result

Verify that a user with Cerner facilities associated should see the secondary nav and the Cerner alerts at the appropriate locations
